## Oakkharasinthirawut

Computer Engineering Student  
Sripatum University

### About Me

Fourth-year Computer Engineering student at Sripatum University with a GPA of 3.94/4.00 and project experience in frontend development and IoT systems. Contributed to an industry-partnered energy audit system and award-winning engineering projects. Seeking an internship to apply programming, problem-solving, and teamwork skills to practical engineering challenges.

### Skills:

#### Technical Skills

- Programming: C, C++, Python, JavaScript, SQL
- Web Technologies: HTML, CSS
- Databases: MySQL, MongoDB
- Hardware & IoT: Circuit design, sensor integration, microcontroller programming, IoT project development
- Hardware Description Language: Verilog

#### Soft Skills

- Team Communication & Collaboration
- Leadership & Coordination
- Critical Thinking & Problem-Solving

### Education:

#### 2023 - Present

Sripatum University | Bangkok, Thailand Bachelor of Engineering in Computer Engineering  
Expected 2026 GPA: 3.94/4.00

- Awarded a scholarship covering 100% of tuition credit fees for four semesters; selected as the faculty's sole recipient.

Pathum Wan, Bangkok

### EXPERIENCE :

#### Energy Audit System | Frontend Development SID-EN, Innovator Journey Program | 2026

- Develop frontend interfaces for energy audits and energy-use assessment, incorporating user requirements and team feedback.

#### QuakeLink | IoT Earthquake Monitoring and Alert System Team Project | 2025–2026

- Contributed to an IoT earthquake monitoring and alert system, co-authored related research, and presented the project in English.
- Awards: Silver Medal, I-New Gen 2026; Second Runner-up, ASCN & SUN Thailand 2026; Best Paper in Computer and Information Technology, EENET 2026.

#### Intelligent Motor Condition Monitoring Platform Team Member : SITTUI Team | 2026

- Contributed to an AI and Industrial IoT platform for motor condition monitoring and maintenance planning.
- Award: Best Project, Industrial IoT Tech-Creator Challenges 2026.

#### Innovator Journey | Industry Project Participant VT Innovative Alliances Co., Ltd. | June–September 2025

- Collaborated on developing a factory dust-monitoring device to support industrial green transformation.

#### President, AIoT Club | Sripatum University 2025

- Led planning and delivery of introductory programming sessions for first-year students, including task allocation, teaching-material preparation, and instruction.
- Coordinated club members, equipment preparation, and IoT demonstrations for university activities.

### CERTIFICATIONS

- IT Specialist: Cybersecurity | Certiport | 2024
- ICDL Certificate: Spreadsheets, Microsoft Excel 2016 | 2025
